

MYOB FirstEdge v4

The smarter way to manage your basic business needs.
On a Mac.

MYOB FirstEdge is easy to use business and accounting software that's ideal for sole traders. Track GST, simplify BAS and create quotes that convert to invoices.

Get started fast

Be up and running in minutes with the Easy Setup Assistant. Start recording transactions without knowledge of accounting concepts and principles. Quickly learn how to process transactions or tasks with the in-built step-by-step guide.

Detailed business reporting

Track GST and simplify BAS. Print or email reports and save as PDF, Excel, HTML or text. Import bank and credit card statements from the internet and automatically reconcile matching transactions.

Report GST on cash or accrual basis and work with inclusive and exclusive prices. Determine net profit, or loss, for each job. Set budgets for all accounts and work on next year's budget while in the current year.

Integrate with your Mac

iCal integration and MobileMe backup. Sync contact information with Mac OS X Address Book.

Enhanced usability tools

Quickly locate records in lists and recurring transactions with advanced search capabilities. Print preview forms. Combine similar or duplicate cards.

Customise reports and forms

Clarify individual amounts with itemised remittance advices and customer statements. Save customised reports and filters.

Use templates to print, fax or email invoices and quotes. Customise templates to include a business logo.

Get paid on time

Give customers increased payment options by using MYOB M-Powered Services* within MYOB FirstEdge. With MYOB M-Powered Invoices payment can be made via BPAY®, post, credit card online, phone and Postbillpay at Australia Post outlets.
